Summary

Highly skilled Front-End Developer with 8 years of experience specializing in modern frameworks such as Angular and React JS. Proven ability to develop responsive, pixel-perfect user interfaces and deliver high-quality, scalable, and maintainable code. Excellent problem-solving skills with a passion for quality and attention to detail. Adept at working in Agile environments and collaborating with cross-functional teams to deliver robust solutions. Experienced in implementing best practices for performance optimization and ensuring cross-browser compatibility. Strong proficiency in HTML, CSS, JavaScript, TypeScript, and version control systems like Git. Committed to continuous learning and staying updated with the latest industry trends. Demonstrated expertise in building Single Page Applications (SPAs) and improving application performance through effective debugging and testing strategies. Excellent communication skills and the ability to mentor junior developers.

Highlights

- Strong multi-tier experience from the back-end data source through mid-level services to the front-end user interface
- Full software development life cycle experience
- Experience in assisting junior developers, mentoring in their development.
- Have a solid grasp and experience with MVC and OOP design.
- Capable of working independently, while being a collaborative member of the team
- Innovative debugging skills
- Ability to derive multiple solutions for a single problem and propose the best option.
- Solid grasp of computer science concepts and algorithmic fundamentals.
- Good knowledge of REST & Web API, Angular JS, Ruby on Rails, Flutter & Node.JS,
- Advanced knowledge of React JS, Next JS, Angular 2+, jQuery, JavaScript, AJAX, Typescript HTML5, CSS, Tailwind & Bootstrap
- Experience in using a variety of IT management tools such as Git, Gitlab, Bitbucket and JIRA.
- A fast learner, self-motivated, Energetic, and a team player
- Takes initiative to complete tasks in progress and seek creative solutions.
- Excellent problem analysis and trouble shooting skills.
- Creative approach to debugging and problem-solving

Experience

Sr. Associate Technology

2023/11 - Present

[Synechron Canada Inc](#) (Mississauga, Canada)

Synechron is an innovative global consulting firm delivering industry-leading digital solutions to transform and empower businesses. Synechron's progressive technologies and optimization strategies span end-to-end Artificial Intelligence, Consulting, Digital, Cloud & DevOps, Data, and Software Engineering, servicing an array of noteworthy financial services and technology firms. Over the last 20+ years, Synechron has been honored with multiple employer awards, recognizing our commitment to our talented teams with top clients to boast about, Synechron has a global workforce of 14,000+, and has 55 offices in 20 countries within key global markets

Achievements

- Earned client recognition for consistently delivering high-quality code and for thorough attention to detail in both testing and documentation.

- Implemented security best practices, reduced vulnerability risks and ensuring compliance with industry standards.
- Actively collaborated with clients to gather feedback and implemented enhancements
- Improved application performance through code optimization, resulting in faster load times and enhanced user experience.
- Created comprehensive documentation for complex systems, improving onboarding time for new team members and ensuring smooth project transitions.

Languages/Tools: - Angular 16, Redux, Jest and Karma, JavaScript, HTML, SCSS, Micro frontend application, JIRA, Bitbucket.

Front end Team lead

2016/10 – 2024/01

[Fortellogic Software PVT LTD](#) (Bangalore, India)

A diversified team that builds multiple modern, robust and scalable web and mobile applications based on the client's requirements with intense analysis and research using a 3-tier: data-access layer, business logic layer, and web UI layer using Ruby Rails/Python/Node JS, React/Angular/React Native/Next JS/Flutter, and MySQL and PostgreSQL servers.

Achievements

- Lead a team of 4 full-time engineers, participated in the roadmap definition for the team, established engineering best practices and was a mentor to the other members of the team.
- Design and Implementation of new features, including re-usable components in React for partners to use in different platforms like B2B and B2C.
- Actively collaborated with clients to gather feedback and implemented enhancements
- Worked in scrum process, attending daily stand-up and completing tasks in sprints.
- Work with defect tracking, code review source code control and software release systems to ensure high-quality software releases over time.

Languages/Tools: - React JS, Angular 2/4/5/6/8/9/11/12, Next JS, Ruby on Rails, Tailwind CSS, JavaScript, jQuery, Bootstrap, PHP, WordPress, Flutter, Redux, Hooks, JIRA, Bitbucket, Node JS, SASS/SCSS/LESS.

Education

Amity University	Bachelor's in computer applications	07/2024 - Present
MKVGKM College	Diploma in Computer Engineering.	06/2013 - 04/2016
SVGVHSS	Kerala- Higher Secondary(12th) in Computer Science	08/2011 - 05/2013

Skills

- **Programming languages & Technologies:** Angular 2+, React JS, Ruby on Rails, Next JS, JavaScript, jQuery, Redux, Hooks, HTML5, CSS3, SASS/SCSS/LESS, Bootstrap, Typescript, JSON, AJAX, PHP, Flutter, Angular JS, Node JS, WordPress
- **Database:** MySQL, SQL
- **Tools:** Git, Gitlab, JIRA, Bitbucket, VS Code, Atom, Sublime
- **Operating Systems:** Ubuntu, Windows, Mac
